LEARNER OVERVIEW SESSION

CAPSTONE PROJECT

How the 5-week journey will work

Teams
6–7 learners per group working together

Tracks
Problem statement & options selection

Mentorship
4 weekly sessions with dedicated mentor

Submission
Final practical evaluation & feedback

What Is the Capstone?

A team-based, structured and practical project

20%

WEIGHTAGE

The Capstone contributes 20% to the overall programme grade.

6–7

LEARNERS PER TEAM

Each team works together on one project.

5 weeks

THE JOURNEY

The journey runs across five weeks, including four weekly mentorship sessions.

The goal: apply what you have learned to a structured, practical problem.
You do not need to do it alone — your team has a dedicated mentor. Technical and academic guidance comes through the Capstone materials and the mentorship process.

Your Capstone Journey at a Glance

From group allocation to final submission

01

Briefing

Understand the Capstone structure and key dates

02

Practice assignment

Meet your team and understand the problem

03

Track selection

Choose from the provided tracks and options

04

Build + mentorship

Work with your team and attend 4 mentor sessions

05

Submission

Submit by 13 Nov; evaluation within 1 week

Note: the practice assignment is non-gradable and optional, but strongly recommended.

Key Dates You Need to Know

Dates are based on the learner calendar shared for the cohort

GETTING STARTED

5 Oct	Group info + practice assignment live
9 Oct	Problem statement + track selection live
10 Oct	Learner Capstone briefing
11 Oct	Practice assignment deadline
11 Oct	Mentorship slots communicated
11–13 Oct	Window to raise concerns
13 Oct	Track selection deadline
14 Oct	Mentorship starts

MENTORSHIP & SUBMISSION

14 Oct – 12 Nov — **Mentorship Calls**
4 calls (1 per week)

13 Nov — **Final Submission**
Deadline for all deliverables

Within 1–2 weeks of submission — **Presentation**
Final evaluation & showcase

Your Capstone Team

Your team stays the same throughout the Capstone

6–7 learners per group

Groups are randomly formed based on admission timeline. Final group details will be communicated on 5 October.

No group changes

Requests to swap or change groups will not be entertained — including requests based on friends, location, work profile or experience.

What you should do

- Connect with your teammates early.
- Use the practice assignment to start collaborating.
- Agree on how you will communicate and work together.
- Keep your team moving towards the final submission.
- If a member becomes inactive, the remaining active learners are expected to make the submission.

The Practice Assignment

A short, non-gradable activity before the Capstone

IS IT MANDATORY?

No

It is optional and does not determine Capstone eligibility.

WHY DO IT?

- Break the ice
- Get familiar with your team
- Understand the problem and how to work in team

TIMELINE

Opens: 5 Oct

Deadline: 11 Oct

Duration: 1 week

Strongly recommended: use it to start collaborating before the graded Capstone work begins.

Track Selection

You will receive the project information before making your selection

1 Review

You will have two tracks to choose from. Information will be available on the platform on 9th October

2 Discuss

Discuss the options and align with your team.

3 Select

Select a track, then choose from the options within it. Submit by the deadline.

TRACK SELECTION TIMELINES:

Goes live: 9 October | Deadline: 13 October

Mentorship: Fixed Weekly Slots

A fixed-slot model — no learner-side booking is required

1

MENTOR

Each group gets one dedicated mentor.

4

SESSIONS

One session per week, for four weeks.

45

MINUTES

Length of each mentorship session.

Fixed

SLOT

Recurring slot, based on mentor availability.

How your slot is assigned

Mentor availability → **Group assigned a slot** → **Slot shared with learners (11 Oct)**

Missed a session? The recording will be available on the LMS. Not every member must attend each session, but full-team attendance is strongly recommended.

FAQ on Mentor Sessions

What to expect from the fixed-slot model

Can I request extra sessions?

No. Each group receives 4 sessions.

Can I get the recording and transcript for the session?

Yes, the session recording will be available on the platform in the live learning tab

What if some members cannot attend?

The team can still connect with the mentor. Missed learners should catch up using the discussion and session recording.

What if everyone misses the session?

The slot for that week expires if no session is conducted.

Stay aligned on: key discussion points • project decisions • action items and next steps

Submission, Evaluation & Grading

Plan your work backwards from the final submission date

13 Nov

FINAL SUBMISSION

Submit your completed Capstone and required deliverables by 13 November.

1-2 week

PRESENTATION

Scheduled within one to two week of submission. Be prepared to present and explain your work. The schedule and process will be communicated separately.

Same grade

GRADING

All members of a group receive the same grade, as this is a group assignment. Mentors will share the grading rubric with groups.

What Is Expected From You?

Your mentor guides the work; your team owns the execution

Work as a team

- Communicate and collaborate regularly
- Divide work clearly across members
- Keep teammates updated
- Keep moving, even if a member is inactive

Use mentorship well

- Attend the fixed weekly sessions
- Come prepared with questions and progress
- Share progress and challenges
- Act on feedback

Own the deadline

- Work consistently
- Stay aligned to the timeline
- Complete the required work
- Submit by 13 November
- **No Extension allowed**

Your mentor: guides the team, helps address challenges, shares the grading rubric and provides direction and feedback. The team owns the project and the final submission.

Frequently Asked Questions

Quick answers to common questions

Do I have to complete the Capstone to graduate?	Yes. Not participating results in failure of the programme and ineligibility for certification.
Can I choose my friends for my group?	No. Groups are randomly formed and group-change requests are not entertained.
Can my team use external tools or datasets?	Yes.
Can I get an extension for the capstone submission?	No, only the assignments submitted by 13th November will be considered for evaluation and grade assignment
Who should I contact for Capstone issues?	Your programme coordinator.

Your Capstone Checklist

Keep these points handy throughout the journey

BEFORE YOU START

- ✓ Know your assigned group
- ✓ Complete the practice assignment, if possible
- ✓ Check and save your fixed mentorship slot
- ✓ Submit your track selection by 13 Oct

THROUGHOUT THE CAPSTONE

- ✓ Attend or catch up on each of the four weekly sessions
- ✓ Work consistently with your team
- ✓ Keep moving between sessions
- ✓ Submit your Capstone by 13 Nov
- ✓ Prepare for evaluation within one-two weeks of submission

Questions? Please reach out to your Programme Coordinator for Capstone-related queries.
